August-2023

FMT Aerospace Announces Strategic Acquisition of Atlantic Precision Engineering

FMT Aerospace are thrilled to announce the successful acquisition of Atlantic Precision Engineering, a prominent Aerospace manufacturing company in the United Kingdom.

The acquisition of Atlantic Precision Engineering marks a significant milestone in the growth and expansion strategy of FMT Aerospace. This strategic move brings together the strengths and expertise of **Atlantic Precision, AF Fasteners, UFC Aerospace and SPL Treatments**, positioning FMT Aerospace as a major supplier to the Aerospace market and enhancing our ability to provide innovative solutions and exceptional value to our customers.

Commenting on the acquisition, **Andy Sargeant, Managing Director of FMT Aerospace**, said the acquisition is strategically important and anticipates benefits for both FMT and Atlantic. We are excited about the tremendous opportunities this merger presents and are confident that our combined resources will enable us to grow with even greater success."

Atlantic Precision Engineering will continue to operate under its existing name and branding for the foreseeable future, while the integration process will begin immediately, aiming to leverage the synergies between the two organizations. The leadership teams from both companies will work closely to ensure a seamless transition, emphasising a customer-first approach throughout the process.

About FMT Aerospace
